

Compass Federal Credit Union Brings Bank at School Program to Fairgrieve Elementary School in Fulton

Beginning in January, Fairgrieve Elementary School became the first school in the Fulton City School District to participate in the Bank at School program.

For more than ten years, Compass has facilitated the Bank at School program within the Oswego City School District, helping to provide real-world, hands-on

banking experiences for students at any grade level. Now, the foundation has been set to help introduce the same needs in the city of Fulton.

“Financial education is crucial for everyone, especially our youth,” said Compass Federal Credit Union CEO, Jennifer Rupert. “The Bank at School program has provided Compass an opportunity to help educate students for over a decade on the importance and benefits of saving money. Students that started with us as eager elementary students are now graduating high school armed with their Compass accounts and a better grasp of financial management. Now, we are set to begin this journey with our community members in Fulton thanks to the support of the Fulton City School District and Fairgrieve Elementary School.”
